Five directors were elected to whom the entire directing of the club is left with the decision of all questions relating to it. These were J. E. McCarty, chairman; O. S. Seales, R. P. Sisco, Harry Drown and P. O. Miller. A manager will be appointed by this board.

Up to that time \$1000 in money had been raised to finance a club. More is expected.

## Remains of Elmer Hauver Recovered.

The body of Elmer Hauver, who was drowned in Clyde River on April 13, was found about noon on Friday, May 12, by Mr. and Mrs. Hiram Johnson, who were searching the river banks in a row boat. B. S. Curtis was called and came to the place immediately. With Mr. Johnson's assistance the body was taken from the water and carried by ambulance to the undertaking parlors.

The body was found about a half mile from the place of the accident, probably three quarters of a mile above the electric light dam. Mr. Hauver was 43 years of age, a son of Mr. and Mrs. Amasa Hauver, neither of whom are now living. He was one of a family of six children only two of whom, Herbert and Albert Hauver, survive him. He married Miss Mabel Goodale of Amherst, Mass., and brought her to Newport to live. She and four children, Harold, Ethel, Dorothy and Earl, the oldest only eight years of age, survive him. Mr. and Mrs. Herbert Hauver of Coventry are with the saddened family.

Mr. Hauver had been working for the Newport Electric Light Co., only a few days. On April 13, at seven o'clock he with his brother, Herbert Hauver, George Lethrop, and Jean Glover got into a row boat to cut out the right of way for a new line for the company. It was at the time when Clyde River was at its highest. The current proved too swift, an oar was lost and the boat was overturned. George Lethrop, the only one of the four who could swim, saved himself and ran to the nearest farm house, nearly a mile away for help, leaving the three men clinging to branches along the river bank. The other two men were saved in time, but Elmer, numbed by the icy water, slipped in just before help arrived. The body was held to the river bottom by brush and persistent searching parties were unable to find it until Friday of last week.

Funeral services were held at the late home on upper Clyde street at one o'clock on Sunday afternoon. Burial was in Pine Grove cemetery.

## VERMONT NOTES

F. V. Bartlett of Bristol lost 13 head of cattle, registered Holsteins, in a recent thunder storm. They were all under one tree for shelter from the severe rain and hail storm and killed by the same bolt of lightning.

W. E. ("Pussyfoot") Johnson of Westerville, Ohio, reformer of worldwide fame, was greeted by capacity audiences in Montpelier and Barre last week. He spent a day at Greensboro fishing.

Brattleboro has given the Presbrey-Leland Granite Co., of Barre, a site valued at \$3,800 for a granite finishing shed and the company proposes to leave Barre and build a \$100,000 shed in Brattleboro, a twin shed of steel 260x132 feet.

Over \$6,000 has been subscribed through the efforts of the St. Johnsbury Commercial club for the Caledonia Fair Grounds company which is to be used to rebuild the property destroyed by fire the day after the last September fair. A new grandstand and a set of barns for trotting horses will be erected.

More than 100 men searched in Wardsboro from early morning until midnight for a lost boy, Leon Scranton, nine years old, who disappeared when sent after the cows. The boy appeared at the home of Joseph Goodell in East Dover, eight miles from his house the next evening and appeared frightened and hungry. He said he lost his way in the pasture and stayed in the woods over night. He was without coat or hat.

## Newport Wins Fifth at Middlebury.

The finals of the annual Middlebury Interscholastic track meet Saturday, Newport High surprised the other thirteen entrants from Vermont, New Hampshire and Rhode Island by capturing fifth place with its plucky team of five.

H. S. was a good fourth but not having a relay team to compete, had to be satisfied with fifth place, which is enviable enough for a school that has had track for only two years. This shows in part the wonders which Coach Rimp has worked.

"String" Wilcox, the lengthy N. H. S. high jumper won the gold medal for the event on the toss, after trying with Gilson at 5 feet 1 inch. This is great work and "String" will do more before the season is over as this is his first good year at topping the lone stick.

"Jim" Addison, the versatile all-around Newport-Athletic took a silver and bronze medal. He took a pretty shoot at 9 feet 9 inches in the vault which made Moran, the Brattleboro wonder, buck up to win the event at 10 ft. "Addy" ran a great 440 and was a close entrant taking a good third.

Capt. Grow was fifth in the mile, the time being exceptionally fast at 4 minutes, 53 seconds. Lance had hard luck in the discuss. The first three places were a very few feet apart and Lance was only a foot behind the third man. "Lem" Allbee, barely failed to qualify.
